

Walden University

BS in Human Services

This program is designed to be completed in 48 months.

As used on this 2019 Gainful Employment disclosure, Walden's "normal time to complete" is the median time to completion for students who completed the program in 2017-2018 ("median time"). In some cases, the normal timeframe reflects the length of time needed to complete the minimum credit requirements of the program without any transfer credits ("minimum time").

This program will cost \$61,225 with an estimated cost of \$3,301 for books and supplies if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Program costs reflect current tuition, excluding any scholarship or tuition reductions, and the stated program length. Other costs may include living expenses, which are not charged by or paid to Walden. Program length is based on performance of past graduates; continuously enrolled full-time students are more likely to complete in the time frame listed. Time to completion and cost are not estimates of individual experience and will vary based on factors including but not limited to: individual progress; credit load per term; credits transferred; major changes; unsuccessful course completion; tuition increases; leaves of absence; writing, research and editing skills; job obligations; health issues, care-giving responsibilities, or other personal circumstances.

Of the students who completed this program within normal time, the typical graduate leaves with \$35,502 of debt.

Debt reflects debt incurred by students who received Title IV financial aid and completed their program in the normal time during the 2017-18 award year.

Program length, cost and debt cannot be compared accurately to the program's prior Gainful Employment metrics because the USDOE has used different calculations over time.

Does this program meet the academic requirements for eligibility to apply for professional licensure?

The following do not have licensure requirements for this profession:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, American Samoa, Federated States of Micronesia, Guam, Marshall Islands, Northern Marianas, Palau, Puerto Rico, Virgin Islands

Licensure information is current as of the Date Created and is subject to change. In general, Walden will not enroll students in a program that does not meet state licensure requirements where they reside. If an exception is made, students are required to sign a disclosure acknowledging the program does not meet licensure requirements, where applicable. The USDOE mandated response options do not represent all paths to licensure. Students should consult the appropriate state licensure board to ensure an understanding of state licensure requirements as regulations vary by state and year by year.
