BS IN ELEMENTARY EDUCATION

MAJOR ASSESSMENT DESCRIPTIONS

| Assessment | Description |
|-------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Major Assessment 3: Lesson Planning Project | Candidates will select at least three (3) lesson plans from the unit that reflect their ability to plan effectively. The Lesson Planning Project is designed to measure candidate's ability to use their growing body of professional knowledge and skills to design, implement, and evaluate developmentally appropriate learning experiences that foster positive outcomes for diverse learners. |
| Major Assessment 4: Demonstration Teaching Evaluation | Candidates participate in a full-time, 12-week demonstration teaching experience in a K–12 classroom. Demonstration teaching provides candidates with extensive opportunities to combine the theory they have learned in their coursework with intensive, hands-on professional practice. Host teacher evaluates both effective teaching and professional dispositions. |
| Major Assessment 5: edTPA | Candidates provide evidence of their ability to teach by planning and implementing a subject specific learning segment of three to five (3–5) lessons from a unit of instruction. Materials assessed as part of the edTPA process include video clips of instruction, lesson plans, student work samples, analysis of student learning, and reflective commentaries. |
| Major Assessment 6: Virtual Field Experiences Project | The Virtual Field Experiences Analysis Project is designed to focus on the candidate's ability to use their knowledge to analyze teacher competencies and practices in authentic teaching situations in two videotaped settings and a personal implementation of a lesson. |
| Major Assessment 7: Professional Practice Project | The Professional Practice Project is a comprehensive assessment designed to guide candidates in developing a philosophy of education, an advocacy plan, and a professional development plan. |
| Major Assessment 8: Collaboration Project | The Collaboration Project will participate in parent/teacher conferences and/or IEP meetings with a student who is struggling in the classroom or who has special needs. Candidates will utilize multiple communication strategies with families and students. You will reflect on the communication and collaboration you experienced during your time in the classroom. |

EDS AND MSED—PRINCIPAL LICENSURE PROGRAMS

MAJOR ASSESSMENT DESCRIPTIONS

| Assessment | Description |
|----------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assessment 2: Interview Questions for a Principal Position | Candidates demonstrate content and professional knowledge via responding to a series of interview questions focused on building professional capacity. This includes sharing plans and strategies for building a school's professional capacity, engaging staff in the development of a collaborative professional culture, as well as improving systems of staff supervision evaluation support and professional learning. |
| Assessment 3: Curriculum Alignment and Staff Evaluation Field Experiences | Candidates assess their field experience school's academic and non-academic programs and develop strategies that support instructional improvement, student learning and well-being, and then create a plan that demonstrates their capacity to reflect on, communicate about, cultivate, and model professional dispositions and norms that support the educational success and well-being of each student and adult. |
| Assessment 4: Field Experience Evaluation | Candidates demonstrate professional knowledge and skills in the field. |
| Assessment 5: Supporting an Effective Student Learning Environment (Field Experience Activities) | Candidates demonstrate the skills necessary to support an effective P–12 student learning environment by collecting and analyzing a variety of information in their field experience school's student learning environment and developing plans for improving and sustaining a school culture and instructional program conducive to student learning within a positive, safe, effective, and inclusive learning environment. |
| Major Assessment 6: Budgeting to Promote Increased Student Achievement Field Experience Activities | Candidates demonstrate the skills and strategies involved in budgeting and resource allocation by developing strategies for mobilizing and managing the school's resources and fiscal operations, and then evaluating their ethics of budget decision making in their schools. |

2022-2023 Exit Survey Results

- Candidates in the initial licensure programs (BS in Elementary Education, MAT in Elementary Education, and MAT in Special Education) complete an Exit Survey in the last term of Demonstration Teaching (DT) prior to program completion during their participation in the DT Seminar. The Exit Survey is completed as an assignment in the seminar course and consistently has 100% response rates in both BS in Elementary Education and MAT in Special Education programs.
- Much of the survey is comprised of items asking candidates the extent to which they agree or disagree that the teacher preparation prepared them in critical skill areas, such as instructional practice, teaching diverse learners, creating an effective learning environment, and professionalism. The results of the 2022–2023 Exit Surveys for the BS in Elementary Education, MAT in Special Education, and MAT in Elementary Education programs are reported below.

BS IN ELEMENTARY EDUCATION 2022–2023 EXIT SURVEY RESULTS

Q: To what extent do you agree or disagree that your teacher preparation program gave you the basic skills to do the following?

Preparation for Teaching: Instructional Practice

| | Total N | Disagree | | Tend to Disagree | | Tend to Agree | | Agree | | Benchmark % Tend to Agree + % Agree ≥80% |
|-------------------------------------------------------------------------------------------------------------------------------------|---------|----------|---------|------------------|---------|---------------|---------|--------|---------|---------------------------------------------------|
| | | Number | Percent | Number | Percent | Number | Percent | Number | Percent | |

EDS AND MSED PRINCIPAL LICENSURE PROGRAMS: PRINCIPAL MENTOR FEEDBACK

The following comments were provided by principal mentors supervising EdS and MSED Principal Licensure program candidates on evaluations completed during field placements in 2022–2023:

"[The candidate's] strongest asset is her ability to connect and build relationships with those around her. It was very evident that she is a pillar in her community. I have observed her interactions with others in and outside the school setting. This will be a major contributing factor to her future success."

"[The candidate] demonstrates an understanding of how good schools operate and has the personality and skill set to be a strong school leader. She is very knowledgeable with her content and is able to partner with teachers and help them grow in the profession. She keeps an even temperament and is always professional. She is going to be a strong school leader. I hope to work with her again."

"[The candidate] was a pleasure to work with. She did an exceptional job collaborating with our staff in many different ways. She was extremely flexible throughout her journey with me. She was easy-going and she was very excited to meet the new students and staff. She has great time-management skills and organizational skills which will be extremely beneficial as she continues her educational leadership licensure."

"Overall, the candidate is professional, showed a willingness to do the job and compassion for people, which is most needed in this role."

"[The candidate] shows a great vision and enthusiasm at evaluating learning data to assess and address student needs. He has a propensity for drilling down on the data as a first step at identifying interventions as well as enrichment activities that will help all students succeed."

"[The candidate] has the seeds, and some experiences, in being an outstanding educational leader. More opportunities to be involved with community stakeholders would be a benefit."

[The candidate] was a pleasure to work with. She is an eager learner and extremely engaged in the leadership process. She will be an excellent asset to any school/district.
